We all want to get away from the hustle and bustle of everyday life, but what if you can do that every day!?!

This is what I'm talking about: lazy afternoons lounging at the pool overlooking the bushlands and estuary or 4,028 sqm of land to explore by foot or get a quad and lay some tracks or wining and dining friends and family inside or out or The possibilities are limited by your imagination!

This piece of paradise backs onto a green strip, so your only neighbours are the ones to the side.

Come experience this for yourself. Call me today for an exclusive viewing.
