Do you need as much space as possible for all your toys? Or do you have machinery that you need to bring in and out of your property? Well, this 20-acre home has it all.
The first thing that's going to grab your attention when you're arriving at this property is the 40m x 15m x 4.3m high, fully insulated, 3 phase powered shed. Behind this enormous shed you'll find a 110 000L rainwater tank.
Moving towards the house you'll find yourself another shed. An 8m x 16m x 3.8m high machinery shed to house the farming equipment. With two more 23 000L rainwater tanks and a small fenced off area for home grown vegetables.
The house itself is a beautiful low maintenance, four-bedroom, one bathroom home. The kitchen has a light wood bench top with a large window overlooking the backyard. Wood look floors throughout and sky lights in the living area and kitchen make this home more spacious, light, and airy. You can relax in the tub overlooking the
